Crane Carrying Load of Ore Loosened; Victim Standing Beneath

CANANEA, Mex., Aug. 9.—Francisco Molina, aged 46 years, was instantly killed at the smelter on Thursday when a mass of copper, which was being carried by a crane became loosened from its fastenings and fell upon him just as he was passing under it. He was frightfully crushed.

The Ladies' Auxiliary of the Cananea Club met on Thursday afternoon at the club rooms. Mrs. George Young was hostess, assisted by Mrs. Charles Wright. The game for the afternoon was bridge, and the honors were awarded to Mrs. J. P. Ferguson, first and Mrs. C. M. Taylor, consolation.

Gregorio Durazo has been appointed mineral agent, succeeding Leopoldo Padillo.

## GIRL CHOKED TO DEATH; DOG REVEALS THE CRIME

Loads Father to Body of Daughter—Sheriff in Search of Man

WASHINGTON, Pa., Aug. 9.—A posse headed by Sheriff R. G. Lutton is searching for the man who choked to death 15-year old Celia Funk, a stenographer.

At noon today a Newfoundland dog, the girl's pet, led the father to a ravine, where was the body of the girl.

The girl's hands were torn and bloody. Her finger nails were broken and in her right hand was a portion of a man's necktie.

From the imprint on the girl's throat, detectives believe that the culprit is a left handed man.

## LAMAR COBB COMES TO BISBEE TODAY

Will Meet Road Builders at Commercial Club at 1 P. M.

Lamar Cobb, the state engineer, will arrive in Bisbee from Phoenix this morning and will meet with as many of those who are interested in the matter of the state highway at the office of the Commercial club at one o'clock this afternoon. Whether he will remain over Sunday or not was not stated in the telegram that was received yesterday afternoon by Secretary Gray of the Commercial club. If he does it is likely that another meeting will be held Sunday and in that case the people of Douglas will be notified so that they may send representatives to talk over the matter of route.

Upon the receipt of the message from Mr. Cobb yesterday, Mr. Gray saw Dr. N. C. Bledsoe, chairman of the good roads committee of the Commercial club and consulted him about a meeting. While the day is one which will make it hard to get a crowd together, being Saturday and a pay day the effort will be made and those who attend will have the opportunity to thoroughly discuss the matter of locating the route.

## ELOPEMENT TO BE PROBED

Marriage Becomes Known When Girl's Parents Ask Police Aid  
WILMINGTON, Del., Aug. 9.—Deborah Trumble, 15 years old of Pottsville, Pa., and Daniel Krause, 55 years old of Seaford county, Pa., eloped to this city on July 24, and were married by the Rev. Wilbur P. Corkran, pastor of Union M. E. church.

The affair was kept quiet and became known only when the local police were requested by the girl's parents to make an investigation. No report was made of the marriage to the board of health, as the law requires.

## COUNTESS DANCES IN FIG LEAF COSTUME

Titled Woman Invents Novelty Called "The Temptation of Eve"  
OAKS Bluffs, Mass., Aug. 9.—This summer resort almost fell off the island today when somebody spread a story that the Titian haired Countess Irma von Rottenthal had a new dance in which her costume consisted of two fig leaves and an apple.

And it's true. The countess, who dances at smart gatherings, has invented a dance called "The Temptation of Eve." In this dance the countess carries a large apple. This is to represent the apple which made so much trouble in Eden. The countess' costume is cut in the shape of two fig leaves. But they are extra large leaves—large enough, in fact, to clothe the dancer. However, it is whispered that the dance is so startling that it will never do for this quiet summer resort. The countess is going to try it on some other city first.

## SLAYER AND HUSBAND MAKE UP

Mme. Bloch, Reconciled With Penten Spouse

PARIS, Aug. 9.—Mme. Bloch, who killed Mrs. James E. Bridgeman last Wednesday, and her husband were reconciled in the presence of a magistrate. Mme. Bloch said that the sole reason for her act was a mother's right to defend her home. The reconciliation was brought about by Henri Robert, the criminal lawyer, who will defend Mme. Bloch when her trial comes up.

## OILING OF NAGO ROAD NEARS COMPLETION

Street Sprinkling and Repair Work in Other Parts of City Resumes Today

Today will see the completion of the grading work for the oiling of Naco road in the city limits, according to Street Superintendent Wright, and a few days longer will see all the work completed. There will be a little delay pending the receipt of the last of the needed oil but the end is now in sight. Mr. Wright further stated that beginning today or tomorrow he would be able to resume street sprinkling in other parts of the city where it has had to be neglected while the city stock was engaged in the work on Naco road.

The street superintendent yesterday in speaking of the work that is now in progress of Naco road, took occasion to compliment Adamson and Scott, the contractors who have the matter in hand, on the manner in which they have and are fulfilling the contract. He states that they have been found at all times ready and willing to do even more than the specifications called for. There have been times when he considered that additional grading or filling was necessary and at his request this has always been acceded to at once by the contractors.

He considers that the city and the taxpayers have every reason for satisfaction at the manner in which the contract has been handled. "Of course," said he, "there can be found wavy spots in the road, but these cannot be avoided in street making such as is being done here. Where it is all machine work it is an easy matter to make a street or road perfectly level or smooth, but this may be called hand work to a large extent and for that reason it is impossible to avoid some waviness such as appears here in spots."

He added that the oiling was a most up with the grading and that with the arrival of the last of the oil it could be completed with rapidity.

The matter on which Mr. Wright laid most stress was the desire that had been displayed on the part of Adamson and Scott to give the city even more than they had promised. It had been necessary in a number of places to put in more dirt than had been expected and in such places he had only to ask to have them agree with readiness. He had found it an easy matter to get everything required done, and believes that this will appear in the completed work.

"Another thing I want to thank the people of the city for the patience and the consideration they have shown. It has been disagreeable to have the street torn up and the fact that we were engaged on the work has delayed other work in other parts of the city but when I explained this to any individuals they have quickly seen the point and there has been a ready acquiescence in awaiting the end of this work before abating other inconveniences. He added that the sprinkling of streets which has had to be discontinued during the work as the city stock was otherwise engaged, would now be continued. This does not mean on Naco road for the oiling of that thoroughfare will dispense with the need of sprinkling there, but in the sections of the city where there are no oiled surfaces.

## RECORD OF A GREAT MEDICINE

Doctors Could Not Help Mrs. Templeton—Regained Health through Lydia E. Pinkham's Compound.

Hooper, Nebraska.—"I am very glad to tell how Lydia E. Pinkham's Vegetable Compound has helped me. For five years I suffered from female troubles so I was scarcely able to do my work. I took doctors' medicines and used local treatments but was not helped. I had such awful bearing down pains and my back was so weak I could hardly walk and could not ride. I often had to sit up nights to sleep and my friends thought I could not live long. At my request my husband got me a bottle of Lydia E. Pinkham's Vegetable Compound and I commenced to take it. By the time I had taken the seventh bottle my health had returned and I began doing my washing and was a well woman. At one time for three weeks I did all the work for eighteen boarders with no signs of my old trouble returning. Many have taken your medicine after seeing what it did for me. I would not take \$1000 and be where I was. You have my permission to use my name if it will aid anyone."—Mrs. SUSIE TEMPLETON, Hooper, Nebraska.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

**Quicker Ironing!**  
**Better Ironing!**

DO you know that the old way of ironing WASTES a full third of your ironing time?

You are not ironing when you're running to and from the range; changing irons or fussing with irons too hot or too cool.

ELECTRIC IRONING is better, cleaner work in a third less time. And in saving time it also saves strength.

The time saving, effort saving and better work of ironing are due to the ELECTRIC IRON.

ONE IRON DOES ALL THE WORK—light or heavy. Attach it to any electric lamp socket, and it makes its own heat inside the iron.

It heats quickly, stays hot, and stays clean. You don't have to change irons. You lose no time cleaning a sooty surface. And the heat is easily regulated without leaving the ironing board—even to turn a switch.

We carry the four Standard makes of Electric Flat Iron.

"HOT POINT" 5 year guarantee ..... 6 lbs. Price \$4.50  
"GENERAL ELECTRIC" 3 year guarantee ..... 6 lbs. Price \$4.50  
"WESTINGHOUSE" 3 year guarantee ..... 6 lbs. Price \$4.50  
"AMERICAN BEAUTY" Life guarantee ..... 6½ lbs. Price \$5.00

Call and make choice of the above irons and we will send to your home subject to acceptance or rejection after trial.
